## BURN SPRAY

Contains highly concentrated, bioactive wheatgrass sprout extract.

The choice for pain relief & rapid healing of minor burns & sunburn

WheatFIX<sup>®</sup> Burn Spray helps relieve pain and inflammation while promoting rapid healing of minor burns including sunburn. The spray can also be applied orally.

In a clinical study of 30 patients at the Burns Unit of Choithram Private Hospital, Indore, India, WheatFIX<sup>®</sup> Burn Spray fully relieved pain within 24 hours of application, prevented infection and accelerated healing without scarring.

**Directions for topical use:** Apply WheatFIX<sup>®</sup> Burn Spray to the affected areas (including oral application). Repeat every 4 hours as required.

Active Ingredient: 3% w/w *Triticum aestivum* fresh sprout juice.  
Contains citrus bioflavonoids.

USE ONLY AS DIRECTED. IF SYMPTOMS PERSIST
